25X1 6. [] Talked with Mr. Melvin Miller, Administra-
25X1 tive Assistant to Congressman Glenard P. Lipscomb (R., Calif.), and
indicated that [] was gathering the information on []
that the Congressman was interested in and that it is planned that it will
be in the Congressman's hands tomorrow.

25X1 7. [] Met with Congressman Alexander
Pirnie (R., N.Y.) concerning an English woman presently working in
Germany with the U. S. Army, whom he had referred to us for employ-
ment possibilities, specifically in a capacity where she would be under
the Civil Service Retirement Act. I explained the limited opportunities
for such employment, identified the one employment possibility we were
able to come up with, and indicated that the individual seemed over
qualified for the job, in addition to other drawbacks. Congressman Pirnie
was very friendly and agreed that the job was not suitable for the individual
and requested that he be forwarded a memorandum on our findings so that
he could handle it in correspondence with her.
